

Made at Calgary, in the
Province of Alberta, on
September 4, 2026

ALBERTA ENERGY REGULATOR

Under sections 22 and 27 of the *Oil and Gas Conservation Act (OGCA)*, sections 140 and 241 of the *Environmental Protection and Enhancement Act (EPEA)*, and section 23 of the *Pipeline Act*.

MAGA Energy Ltd.

900, 6th Ave S.W., Suite 900
Calgary, AB, T2P 3K2.

(MAGA or the Licensee)

WHEREAS MAGA is the holder of business associate code A8BA, and holds well, facility, and pipeline licences granted by the Alberta Energy Regulator (AER or Regulator) under the *OGCA* and the *Pipeline Act* (collectively, the Licences), as listed in Appendix 4;

WHEREAS there is physical infrastructure with the Licences, including wells, well sites, facilities, facility sites, and pipelines (collectively, the Sites);

WHEREAS MAGA is licensed or otherwise authorized by the AER to operate the Licences on the land legally described in Appendix 4;

WHEREAS MAGA is an “operator” as defined in section 134(b)(i) of the *EPEA*;

WHEREAS the lands are “specified land” as defined in section 134(f) of the *EPEA* and in section 1(t) of the *Conservation and Reclamation Regulation* (the Lands);

WHEREAS on December 4, 2025, the AER issued an Order to MAGA pursuant to sections 22 and 26.2 of the *OGCA*, sections 113 and 241 of the *EPEA*, section 3.012 of the *OGCR*, and section 22.1 of the *Pipeline Act*, due to MAGA’s failure to provide reasonable care and measures to prevent impairment or damage at the Sites, and for the risk posed to the public and the environment (the December Order);

WHEREAS on April 22, 2026, the AER issued an order to MAGA under sections 22 and 27 of the *OGCA*, sections 113 and 241 of the *EPEA*, sections 1.120 and 3.012 of the *OGCR*, and section 23.2 of the *Pipeline Act*, requiring MAGA to suspend operations and address regulatory obligations for reactivation (the April Order);

WHEREAS, since January 10, 2024, the AER has worked with the Licensee through ongoing compliance oversight to address outstanding requirements; However, MAGA failed to meet regulatory requirements and continued to miss commitments and milestones, leading to the December Order and the April Order;

Remediation Regulation Requirements

WHEREAS the April Order required resubmission of acceptable Remedial Action Plans (RAPs) for the contamination management file CSU03358 and CSU27624 Sites; although MAGA anticipated submission by May 16, 2026, and later by June 15, 2026, to date, acceptable RAPs for CSU03358 and CSU27624 have not been provided;

WHEREAS the April Order required the Licensee to commence remedial measures at sites associated with CSU03513 and CSU01197, and to submit acceptable remediation reports by May 22, 2026, demonstrating that the measures are underway and effectively preventing further adverse effects;

WHEREAS on May 22, 2026, MAGA failed to provide the RAPs for the contamination management file CSU03513 and CSU01197 Sites. Although MAGA indicated that delineation and field remediation would start on June 2, 2026, and later by July 1, 2026, as of the date of this Order, it has not done so, and remains noncompliant with its remedial obligations for the CSU03513 and CSU01197 Sites;

WHEREAS the AER records show that MAGA failed to meet the requirements of section 2.2(2) of the *Remediation Regulation* for the contamination management file CSU26284; on April 14, 2026, the AER issued a notice of noncompliance requiring MAGA to meet the *Remediation Regulation* requirements; on May 20, 2026, the AER issued a failure-to-comply letter for failing to meet the requirements of the April 14, 2026, notice; and as of the date of this Order, the Licensee has not met the requirements;

WHEREAS on June 29, 2026, MAGA submitted a Noncompliance Recovery Plan indicating that work for CSU03358, CSU23722, CSU27624, CSU03513 and CSU01197 is required, with an anticipated work initiation date of August 1, 2026, subject to funding; no extension was requested nor granted, and as of the date of this Order, the Licensee has failed to comply with the *Remediation Regulation* requirements of the April Order;

Pipeline Requirements

WHEREAS pursuant to the April Order, MAGA was required to discontinue the pipeline segments listed in Appendix 1 following safe industry practices and in accordance with the *Pipeline Act* and *Rules* within 14 calendar days of issuance (May 6, 2026);

WHEREAS on May 6, 2026, MAGA failed to report the discontinuation of the pipelines listed in Appendix 1 in accordance with the *Pipeline Act* and *Rules*, contrary to the April Order, and on June 29, 2026, MAGA submitted a Noncompliance Recovery Plan indicating that remaining work is still required; and, as of the date of this Order, MAGA has not submitted the required OneStop application demonstrating discontinuation in accordance with safe industry practices, and the related noncompliances remain unresolved to the AER's satisfaction;

WHEREAS contrary to the requirement in section 71(2) of the *Pipeline Rules* MAGA has failed to provide documentation to demonstrate that it is managing its pipeline infrastructure in accordance with its

Integrity Management Program and has not verified that all cathodic protection systems remain operational, increasing the risk of pipeline failures and potential impacts on public safety and the environment.

WHEREAS On August 24, 2026, MAGA reported a release of Hydrocarbons related to the pipeline licence P59163 located at 06-26-052-26W4. (the Release Site) and, on August 28, 2026, an AER inspector inspected the Release Site, found that there were no cleanup activities being conducted, and issued a notice of non-compliance; as of the date of his Order, remedial work is required to mitigate the adverse effects on the Release Site;

Field Inspection Deficiencies

WHEREAS the deadlines for the field inspections included in the December and April Orders have passed and MAGA has failed to address all the deficiencies in the inspections to the AER's satisfaction (see Appendix 2 for details);

WHEREAS the December Order required MAGA to submit a plan that included specific actions to improve its satisfactory field inspection rating to at least 75%, and the April Order reiterated the AER's concerns about MAGA's field inspection rating;

WHEREAS when the April Order was issued, MAGA's average field inspection rating had been 33% since January 1, 2026, and as of the date of this Order, it has declined to 25%;

Suspension Requirements

WHEREAS pursuant to the April Order, MAGA was required to suspend its Sites, including its well and facilities, and to discontinue its pipelines in accordance with AER's rules and requirements and with safe industry practices;

WHEREAS between May 4, 2026, and May 22, 2026, AER inspectors conducted 24 inspections at MAGA's Sites, identified deficiencies in 19 of those inspections, and found that MAGA had failed to safely suspend operations as required by requirements 1, 2, and 3 of the April Order; and as of the date of this Order, 4 of the inspections remain with deficiencies that have not been addressed to the AER's satisfaction (see Appendix 2 for details);

Suspension Well Requirements

WHEREAS the April Order required MAGA to comply with *Directive 013: Suspension Requirements for Wells*, for 102 inactive wells and to submit an action plan with timelines detailing how it would achieve compliance;

WHEREAS MAGA has addressed 28 *Directive 013* noncompliant wells; however, as of the date of this Order, the Licensee has not submitted a detailed action plan outlining the required timelines for the remaining wells, and 74 of the inactive wells remain noncompliant;

Serious Surface Casing Vent Flow/ Gas Migration incident (SCVF/GM)

WHEREAS the December Order required the Licensee to remediate the serious SCVF at W0056558 as per *Directive 087: Well Integrity Management* within 180 days of the December Order; MAGA has failed to remediate the serious SCVF associated with this well;

Mineral Lease Expiry (MLE) Requirements

WHEREAS the December Order required the Licensee to abandon four wells for failure to hold mineral rights in those wells (the MLE Wells), and the April Order ordered the abandonment of two additional MLE wells within 60 calendar days of issuance (June 21, 2026) (see Appendix 3 for details);

WHEREAS on June 21, 2026, the Licensee failed to abandon the MLE Wells, and as of the date of this Order, MAGA remains noncompliant with the MLE requirements of the December and April Order;

Site Specific Liability Assessment (SSLA) Requirements

WHEREAS the April Order required MAGA to submit an updated Site-Specific Liability Assessment (SSLA) for the contamination file numbers CSU02241 and CSU26283 by May 6, 2026, and as of the date of this Order, the Licensee has failed to submit the required SSLAs;

Licensee Closure Quota Requirements

WHEREAS MAGA has failed to meet the 2024 and 2025 closure quota obligations and, as of the date of this Order, remains noncompliant with those obligations;

Levies and Fees Requirements

WHEREAS the December and April Orders required MAGA to pay the outstanding 2025 Administrative Fee and Orphan Fund Levy (the 2025 AER fees), and as of the date of this Order, MAGA has failed to meet these requirements;

WHEREAS as of the date of this Order, MAGA has failed to pay the 2026 Administrative Fee and Orphan Fund Levy by the deadlines specified in the invoices;

Director's Assessment

WHEREAS MAGA has contravened Acts or Regulations under the AER's jurisdiction, remains noncompliant with the requirements outlined above of the December and April Orders;

WHEREAS the AER has repeatedly advised MAGA that it is not in compliance with its regulatory obligations, and despite repeated communications, MAGA has failed to return to compliance; in particular, the AER issued failure-to-comply letters on January 9, 2026, and February 3, 2026, regarding MAGA's noncompliance with clauses 5, 7, 8, and 9 of the December Order, requiring immediate corrective action, and issued further failure-to-comply letters on May 21, May 26, June 3, and June 5, 2026, requiring MAGA to immediately address the further outstanding noncompliances that arose from the April Order;

WHEREAS further non-compliances have arisen since the April Order, including the incident at the Release Site which now requires cleanup and delineation;

WHEREAS having regard to MAGA's ongoing non-compliances, repeated missed commitments, lack of tangible corrective action, and repeated assertions that it lacks the financial capacity to meet its regulatory obligations, the Director is of the opinion that it is necessary to issue an abandonment order in order to protect the public and the environment;

WHEREAS the Director is of the opinion that it is appropriate to impose terms and conditions on the Licensee;

WHEREAS the Director believes that performing the work described in this Order is necessary to conserve and reclaim the Lands;

WHEREAS the Director has considered MAGA's proposed compliance plan, which relies on potential sales, as well as the use of security, as means of generating funds to address its non-compliances; however, the Director is of the view that the abandonment order is necessary in the current circumstances and, should circumstances materially change, this Abandonment Order may be amended accordingly; Therefore, I, Jon Keeler, Director, Field Operations, Regulatory Compliance, under sections 22 and 27 of the *OGCA*, section 23 of the *Pipeline Act*, and sections 140 and 241 of *EPEA*, do hereby order the following:

Abandonment of the Sites by the Licensee

1. **By September 30, 2026**, MAGA must submit an abandonment plan (the Abandonment Plan) for approval by the Director to abandon the wells, facilities, and pipelines listed in Appendix 4. The Abandonment Plan must, at a minimum, include:
 - a. A schedule with timelines for the abandonment of each Site.
 - b. For facilities, all surface and subsurface equipment associated with the facility must be removed from the Sites.

- c. For wells, abandonment must be completed in accordance with *Directive 020: Well Abandonment* and must include surface abandonment and the removal of all surface equipment, cement pads, debris, and produced liquids associated with the wells.
 - d. For pipelines, abandonment must be completed in accordance with Part 9 of the *Pipeline Rules*.
 - e. The Abandonment Plan must include reasonable and achievable timelines. It must be structured to ensure a balanced, consistent, and uniform workload throughout its duration.
 - f. The Abandonment Plan must be submitted to the Director at jon.Keeler@aer.ca and ComplianceAssurance@aer.ca
2. Unless otherwise approved in writing by the Director, abandonment work shall be completed **within 12 months of the date of this Order**.
 3. **Within thirty (30) calendar days** of approval of the Abandonment Plan, MAGA shall submit a progress report demonstrating the abandonment of its Sites and confirming compliance with the timelines prescribed in the Abandonment Plan.
 - a. The Licensee must update all applicable AER systems upon completion of abandonment work.
 - b. The Licensee must implement the approved Abandonment Plan.
 - c. The Licensee must coordinate Site access to complete abandonment work.
 4. After the first report, MAGA shall continue submitting monthly reports demonstrating ongoing compliance with the Abandonment Plan and adherence to its timelines.

Reclamation

5. **By October 15, 2026**, MAGA must submit a plan for the conservation and reclamation of the Lands (the Reclamation Plan) for the AER's approval.
6. The Reclamation Plan shall include the actions MAGA will take to reclaim the Lands and obtain reclamation certificates as required by section 137 of the *EPEA*. The Reclamation Plan shall include:
 - a. A list of all actions to be taken in obtaining a reclamation certificate, including Environmental Site Assessments, Detailed Site Assessments, reclamation certificate applications, and
 - b. A schedule of implementation for each step in the Reclamation Plan.

7. If any changes occur to the Reclamation Plan, the Licensee must notify the AER immediately in writing.
8. The Licensee shall implement the Reclamation Plan as approved by the AER.
9. The Licensee shall apply for a reclamation certificate for each of the Sites once that site is fully reclaimed in accordance with section 137(1) of the *EPEA*.

General Terms and Conditions

10. Unless otherwise indicated, all plans and confirmations required under this Order must be submitted to ComplianceAssurance@aer.ca and jon.Keeler@aer.ca.
11. All submissions required in complying with this Order must be made in the format and to the applicable AER system, as required by AER regulations or the Director.
12. Where a deadline or reporting frequency has been specified in this Order, the Director may authorize in writing a different deadline or frequency, as applicable. Requests for extensions to deadlines must be made in writing to the Director prior to the deadline.
13. If requested by the Director, the Licensee shall submit, **within two (2) business days**, any records or information pertaining to this Order.
14. In carrying out the requirements of this Order, the Licensee shall obtain and comply with all required federal, provincial, or municipal permits and governing legislation, and provide to the AER all authorizations obtained upon request by the AER.
15. Failure by the Licensee to fulfil the requirements in this Order to the satisfaction of the Director may result in further enforcement action.

Dated at the City of Calgary in the Province of Alberta, the 4 day of September 2026.

<original signed by>

Jon Keeler, MBA, P.Eng.

Director, Field Operations, Regulatory Compliance
Alberta Energy Regulator

In complying with this order, the party or parties named must obtain all approvals necessary, notwithstanding the above requirements.

This order in no way precludes any enforcement actions being taken regarding this matter under the *OGCA*, *Pipeline Act*, *EPEA* or any other provincial or federal legislation, or by any other regulator with jurisdiction.

Under the *Responsible Energy Development Act*, an eligible person may appeal decisions that meet certain criteria. Eligible persons and appealable decisions are defined in section 36 of the *Responsible Energy Development Act* and section 3.1 of the *Responsible Energy Development Act General Regulation*. If you wish to file a request for regulatory appeal, you must submit your request according to the AER's requirements. You can find filing requirements and forms on the AER website, www.aer.ca, under Applications and Notices: Regulatory Appeal Process.

Appendix 1:

Pipeline licences list that MAGA has failed to report as discontinued in accordance with the AER rules and regulations by May 6, 2026, as per the April Order:

Pipeline Licence	Segment	FIS inspection
P61256	1	FIS#550979
P61256	2	FIS#550979
P44844	5	FIS#550980
P44844	6	FIS#550980
P1162	4	FIS#561651
		FIS#561466
P51753	1	FIS#561467

Appendix 2:

Table 1: Field Inspection Contraventions following the April Order:

FIS	Licence Number	Inspection Deadline	Contravention
FIS#563492	P54534	2026-05-20	At the time of inspection, it appears that P54534 L5 has not been in active flowing service for 24 months but has not been discontinued, abandoned or returned to active flowing service, which is in contravention of section 71 of the <i>Pipeline Rules</i> .
FIS#563616	W0179541	2026-05-21	1 blinded-off riser sticking up to where the building used to be, 6 steel piles sticking up from where the building once was, a pole with a power meter, and another pile at ground level showing. This is a contravention of section 8 of <i>Directive 020</i> .
FIS#563657	W0154716	2026-05-22	Secondary containment beneath the chemical tank had limited capacity in the event of rain or a tank leak. There appeared to be chemicals in the secondary containment that would contaminate the ground in the event of an overflow.
FIS#563658	P37709	2026-05-22	At the time of the inspection, the pipeline was found shut-in in an unsafe manner because it was not disconnected

FIS	Licence Number	Inspection Deadline	Contravention
			from the flowline, and the valves were open. This is in contravention of the AER Order issued on April 22, 2026, which requires that all pipelines be discontinued in accordance with safe industry practices and the <i>Pipeline Act</i> and <i>Pipeline Rules</i> , including purging and isolation.
FIS#565887	P59163	2026-08-28	On August 24, 2026, MAGA reported a release of Hydrocarbon at 06-26-052-26W4, pipeline licence P59163 At the time of inspection there were no cleanup activities being conducted. Licensee became aware of the release on August 22, 2026, and did not report to the AER until August 24, 2026.

Appendix 2

Table 2: Field Inspection Contraventions that remained unresolved from the April Order.

FIS	Licence Number	Inspection Deadline	Contravention
FIS#550980 FIS#550979	P44844 P61256	2025-01-12	P61256 & P44844 - The inspection found that the licensee could not provide evidence that the operating pipelines had been properly cleaned out, mitigated, and left in a safe state, nor were they being managed according to the requirements of the Integrity Management Program (IMP) or the Pipeline Operations and Maintenance Manual (POMM). This constitutes a violation of Section 71(2) of the <i>Pipeline Rules</i>, which mandate that any pipeline not in active flowing service must be managed according to the licensee's IMP.

FIS	Licence Number	Inspection Deadline	Contravention
FIS#561466	P1162	2026-03-03	On February 27, 2026, MAGA stated that License 1162-4 was not discontinued in accordance with Directive 056; the December 2025 cathodic survey did not capture survey data for the inactive/discontinued pipelines. In the OneStop submission, the application was not submitted within 90 days of the completion of discontinuation work. During the application, the Licensee failed to select "Other discontinuance requirements not met" in accordance with Directive 056. The applicant or licensee must disclose in its application if it cannot meet a participant involvement or technical requirement, has outstanding concerns or objections related to its pipeline project or installation, or proposes to implement new technology. If there are outstanding concerns or objections to an exempt activity, the activity is no longer exempt from licensing, and an application disclosing the situation must be submitted. As stated in the email received February 27, 2026, the 2025 cathodic survey was not completed on the inactive or discontinued pipelines to ensure sufficient protection for the life of the pipeline. As stated in the email received on February 27, 2026, documentation for License 1162-2, 3 was not available to demonstrate that the inactive pipelines are managed in accordance with MAGA's IMP under section 8.4.1 On June 15, 2026, MAGA notified AER that this line (P1162) and both segments (2 and 3) have been "depressurized and completed pigged clean". They "are in the process of inhibiting and blind ending as required." A D056 application will be submitted once work has been completed and they have everything for the audit package.
FIS#561467	P51753	2026-03-03	As stated in the email received on February 27, 2026, documentation for License 51753-1 was not available to demonstrate that the inactive pipelines are managed in accordance with MAGA's SLMS or IMP under section 8.4.1.

FIS	Licence Number	Inspection Deadline	Contravention
			As stated in the email received February 27, 2026, the 2025 cathodic survey was not completed on the inactive or discontinued pipelines to ensure sufficient protection for the life of the pipeline. On June 15, 2026, MAGA notified AER that the "pigging work" has been completed on this line and that they are preparing "to blind end the pipeline." A D056 application will be submitted once they confirm they have everything for the audit package.
FIS#561651	P1162	2026-03-03	During the site visit, it was confirmed that the impressed-current cathodic protection system was inoperable, and the February 27, 2026, email stated that the December 2025 cathodic survey did not capture inactive pipelines. During the site visit, it was identified that pipeline license 1162-4 was not physically isolated or disconnected from the facility piping and was not plugged or capped by mechanical or welded means On June 15, MAGA notified the AER that this line (P1162) and both segments (2 and 3) have been "depressurized and completed pigged clean". They "are in the process of inhibiting and blind ending as required." A D056 application will be submitted once work has been completed and they have everything for the audit package.
FIS#561832	W0003254	2026-03-03	AER's inspectors observed no indications that remedial excavation has recently occurred or is currently underway in the area at 14-11 associated with the 1951 blowout. There were no signs of recent ground disturbance, active equipment, or materials on site. There was no evidence of recent ground disturbance, snow plowing into the location, or attempted access.
FIS#561833	W0004003	2026-03-03	AER's inspector observed no active infrastructure, operating equipment, or other indications that the committed system has been installed or is in operation. Vegetation growth patterns in the affected area, both on and off lease, appear undisturbed. The only groundwater-related infrastructure

FIS	Licence Number	Inspection Deadline	Contravention
			observed appears to be pre-existing piezometers that have been in place for some time. There was no evidence of recent ground disturbance, snow plowing into the location, or attempted access
