

Made at Killam, in the Province of Alberta, on September 8 th , 2026	ALBERTA ENERGY REGULATOR
---	--------------------------

Under sections 113 and 241 of the *Environmental Protection and Enhancement Act (EPEA)*

Sumerian Oil & Gas Inc.

200, 117 – 8th Avenue S.W.

Calgary, AB T2P 1B4

(Sumerian or the Licensee)

WHEREAS Sumerian is the holder of a pipeline licence located at 01-22-040-08W4 (Site), Alberta Energy Regulator (AER) License number P58349, Segment Line number 6 (the Pipeline), issued by the AER under the *Pipeline Act*;

WHEREAS the Pipeline contains oil emulsion, which is a substance, as defined in section 1(mmm) of the EPEA (Substance);

WHEREAS the Substance is known to cause an adverse effect to the environment;

WHEREAS Sumerian is a person responsible for the Substance, as defined in section 1(tt) of the EPEA;

WHEREAS Sumerian reported to the AER on August 15, 2026, at 13:17 the release of a substance into the environment at the Site (Release);

WHEREAS on August 17, 2026, the AER conducted an inspection of the Site, recorded as FIS Inspection ID 565600, which identified an area around the Site where the Release had occurred but had not been cleaned up (Pipeline Leak Location);

WHEREAS the inspector noted that cattle tracks were present throughout the Pipeline Leak Location and elsewhere at the Site;

WHEREAS Sumerian was informed of FIS Inspection ID 565600 through the FIS/DDS system;

WHEREAS, on August 24, 2026, the AER conducted an inspection of the Site, recorded as FIS Inspection ID 565757, which found that Sumerian had not yet commenced cleanup of the Release. Dead and stressed vegetation were observed throughout the Site including at the Pipeline Leak Location.

WHEREAS Sumerian was informed of FIS Inspection ID 565757 through the FIS/DDS system;

WHEREAS Darren Antos, Regional Coordinator, Field Operations East (Regional Coordinator), has the authority to issue orders under the *EPEA*;

WHEREAS the Regional Coordinator is of the opinion that a release of a substance into the environment has occurred, and the Substance has caused, is causing, or may cause an adverse effect, and remedial work is required to mitigate adverse effects caused by the Release;

Therefore, I, Darren Antos, Regional Coordinator, Field Operations East, under sections 113 and 241 of the *EPEA*, do hereby order Sumerian to do the following to the satisfaction of the Regional Coordinator:

1. Within 14 days of the date of this order, have the boundaries and impacted area of the Release clearly defined by a qualified third party environmental professional and submit the delineation report to the Regional Coordinator.
2. Within 30 days of the date of this order, remove all impacted soils from the Site with exceedances of *Alberta Tier 1 Soil and Groundwater Remediation Guidelines* and dispose of the impacted soils according to *Directive 058 Oilfield Waste Management Requirements for the Upstream Petroleum Industry*.
3. Immediately upon completion of clauses 1 and 2, provide written confirmation to the Regional Coordinator at Darren.Antos@aer.ca
4. Immediately upon completion of clauses 1 and 2, provide all waste manifests and fluid transfer documents showing the volumes and where the products were disposed of to the Regional Coordinator at Darren.Antos@aer.ca.
5. No later than November 29, 2026, complete the following (refer to *AER Manual 21: Contamination Management*):
 - a. Phase 2 ESA of the Site (per the *Environmental Site Assessment Standard*); and
 - b. Submit the reports to the AER via a OneStop Record of Site Condition and provide the submission ID numbers to the Regional Coordinator at Darren.Antos@aer.ca.

Dated at the City of Killam in the Province of Alberta, the 8th day of September 2026.
