

Completing OneStop Indigenous Consultation Screen

» Intended User: Public Land applicants

Overview – Indigenous Consultation

This quick reference guide (QRG) describes how to complete the Indigenous Consultation screen in OneStop. This screen is used for applications, amendments, and renewals for all disposition types.

By getting here you have already initiated an application, amendment, or renewal for one or more public land activities. Now you need to complete the Indigenous Consultation screen for each activity.

Getting to Indigenous Consultation Screen

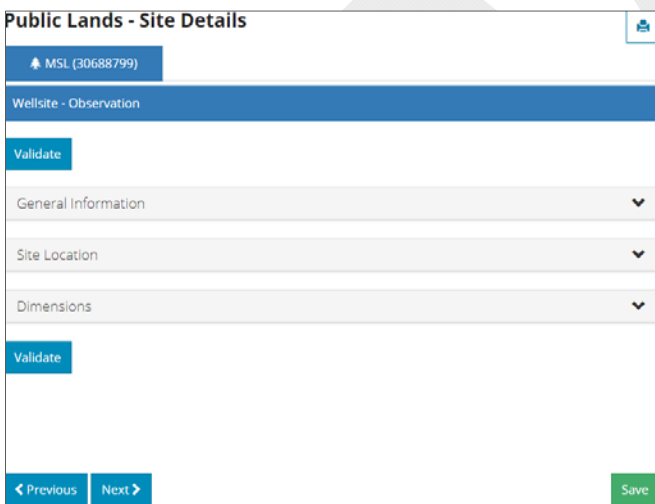

There are two ways to reach to the Indigenous Consultation screen:

Click **Indigenous Consultation** in the left navigation bar.

or

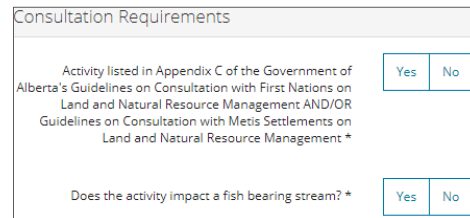

Click **Next** in the bottom left corner of the Site Details screen.

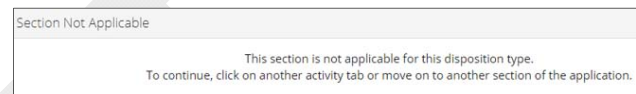

Next >

Consultation Requirements

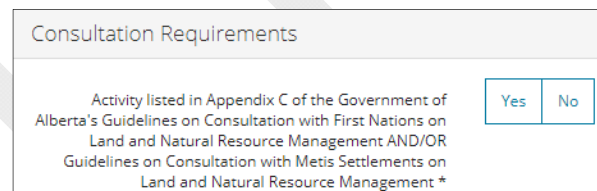

In certain cases, the consultation requirements will consist of two main questions specific to Appendix C.

In rare cases the Indigenous Consultation screen does not apply to the application. If so, the following information will be displayed:

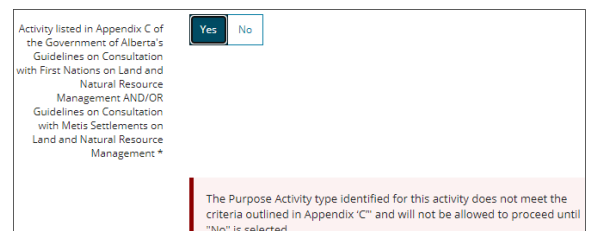

1. **Mandatory:** Select **Yes** or **No** to indicate if the activity is listed in Appendix C.

Yes:

- a) Proceed to **Step 2** for regulator temporary field authorization (RTF) dispositions with purpose/activity types: bed and shore-dredging/trenching; bed and shore-dyke/flood prevention berm, or incidental activity-bank stabilization.
- b) Otherwise, no further action is required. Proceed to **Validate Entry**.
- c) If the purpose/activity or the size are invalid, an error message appears. Change the selection to **No** in order to change the disposition's Total Area value on the Site Details screen.

No:

- a) Proceed to **Step 2** for RTF dispositions with purpose/activity types: bed and shore-dredging/trenching; bed and shore-dyke/flood prevention berm, or incidental activity-bank stabilization.

b) Otherwise, proceed to **Delegated Consultation Information**.

2. **Mandatory:** Select **Yes** or **No** to indicate if activity impacts a fish bearing stream.

Does the activity impact a fish bearing stream? *

- a) If **No**, proceed to **Validate Entry**.
- b) If **Yes**, proceed to **Delegated Consultation Information**.
- c) If **Yes** is selected for questions a) and b), an error message appears. Change the selection in **Step 1** or **Step 2** to **No** in order to proceed.

consultation requirements

Applicable to Appendix C of the Government of Alberta's Guidelines on Consultation with First Nations or Land and Resource Owners and Management (2018) Guidelines on Consultation with First Nations or Land and Resource Owners

Does the activity impact a fish bearing stream? *

The fish bearing stream parameters for the Purpose/Activity type provided in this application does not meet the criteria outlined in Appendix C and will not be allowed to proceed until this is resolved.

Delegated Consultation Information

This pane appears if the activity is not listed in Appendix C.

Delegated Consultation Information

File Number for Consultation *

Status of the Consultation Process

1. **Mandatory:** Enter the **File Number for Consultation (FNC)** in the correct format. Click **Verify FNC**.

File Number for Consultation *

Allow time for OneStop to validate the FNC.

FNC Validation

The system is currently validating the location of the File Number for Consultation. Please wait or fill out another section.

Tips:

To avoid system errors, ensure the following for FNCs:

- FNC belongs to OneStop applicant
- Valid and active for AER disposition type
- Entered in the correct format
- If reused, only from a previously denied or withdrawn application

File Number for Consultation *

▲ The FNC Number cannot be found in the AER dataset.

Following validation, the system generates a status which appears in the Status of the Consultation Process field.

Delegated Consultation Information

File Number for Consultation *

Status of the Consultation Process

2. **Mandatory:** For status **Already Deemed Adequate**, enter the **Initial FNC# Consultation Decision was Issued**.

Note: The initial FNC cannot be related to the FNC entered in Step 1.

File Number for Consultation *

Status of the Consultation Process

Initial FNC# Consultation Decision was Issued *

Initial FNC consultation number cannot be related to the File Number for Consultation entered above.

3. Click **Verify FNC**. The system will generate the initial consultation status.

Status of the Consultation Process

Initial FNC# Consultation Decision was Issued *

Initial Consultation Status

Important:

An application cannot be submitted with the **Status of the Consultation Process** as:

- Terminated
- Not Adequate
- Pre-consultation Pending

Or the **Initial Consultation Status** as:

- Terminated
- Not Adequate
- Already Deemed Adequate
- Pre-consultation Pending
- Consultation On-going

Summary of Consultation Information

The Summary Consultation pane appears if the activity is not listed in Appendix C.

Optional: To clear all fields, click **Clear Fields** on the right side of the pane. Clear fields

What You Need to Know

- The application must be submitted within two years of the **FNC Adequacy Decision Date**.
- The purpose/activity type identified in the application must match the specific FNC **Purpose/Activity Code**.
- The land listed in the application must fall within the **FNC Legal Land Locations, To and From** fields.
 - OneStop creates the boundary on the outside quarter section line the activity falls into. Keep this in mind when crossing correction lines, or call the Customer Contact Centre (CCC) for help on how to proceed with the application.
 - For amendments, OneStop requires the whole disposition boundary to be included in the application and also in the **FNC Legal Land Locations, To and From** fields.

Validate Entry

1. Click **Validate** at the top or bottom left side of the screen. Errors will appear in red. Fix errors.

Validate

Tip:

Validate and fix errors as you go. You cannot complete your submission until all errors have been fixed.

Save Entry

2. **Mandatory:** Click **Save** at the bottom right of the screen to save your entry.
